Writing

To begin with I would like to say that proverbs - keep the wisdom of the nation where it came from. As far as I know, proverb "When there is a will there is a way" means that despite the different challenges in your life, you will find an opportunity to do what you want. 54

Let I think that people with a strong desire would make ~~make~~ big efforts to reach their aim. Also their personality plays a big role. They adventurous and determined people don't give up because their dream motivates them. For instance, main hero in the book "Martin Eden" which was written by Jack London, Martin dreamed of writer's career. He was just poor man, who never ~~has~~ never studied at school. But his courage and confidence were bigger than his fears, so he turned his dream into reality and became a writer. Another example is Tiana from "princess and frog" she wanted to open her restaurant and she did it inspite of her difficult situations.

In conclusion I would like to say that if you really want something you will do it without any doubt.
